### KRYPT UNLOCKABLES

The Krypt is the section of the game where you can unlock awesome features like hidden characters, alternate costumes, production art and more. Most of the koffins here can be unlocked by buying them with koins, but some require special 'Krypt Keys' that can only be found throughout Konquest Mode. This game kept changing right up until its release, so check for updates at [www.iguides.net](http://www.iguides.net).
